Year End Review

This is a summary of your Lego collection as of January 2022. As of January 2022, your Lego collection consisted of:

- 148 total sets
- 45,136 total pieces
- 22 different themes
- 66 unique colors
- 1,887 unique pieces

Themes

Of the **22** total themes in your collection, you have **5** themes in which you have 10 or more different sets. As of 2022, the theme with the highest number of sets in your collection was **City**, where you had a total of **46** different sets. At the bottom end, you had **5** themes with only 1 set. The WordCloud below contains the name of all of your sets where the largest font sizes represent the themes in which you have the greatest number of sets.
